### Group handling procedure

On LX flights groups request of 10 passengers and more to be requested in RBD Y.

### Passengers details and special requests

Passenger manifest with confirmed passengers for all code shared flights is sent from MC(AI) to OC(LX) 7 days before departure of the flight and only then OC can confirm some special requests which couldn't be confirmed from MC side.

### Sitemap reservation

Seat reservation on code shared flights is possible only 7 days before departure. On all other flights sitemap reservation is possible.

### Preferred seat selection Scheme

Now the preferred seat select scheme is available on every single route operated by Air India. These seats which can be availed by a passenger in exchange of payment provide comfort of extra leg space and that of deplaning much faster upon arrival. This scheme is not available on code share flights.
